Looks like it is due by 2/22.

Attached is the cover sheet, incoming and a draft that OAR started for us in CMS.

Pam, do we have the cover sheet with instructions for the response?

Carla, let me know if you can take care of this for us. I believe Denise is in a seminar today and tomorrow. Come by to discuss...

Looks like public comments on the announced intended ozone designations. Since it's from a Congressman, I imagine OAR wants to respond to it now rather than as a response to comment? We could do the response as long as we can keep it to an acknowledgement. Scott, let me know if you see it differently.

Should region 5 lead the response to this control or should it be assigned to us? In regards to the 2015 Ozone NAAQS designations of WI counties – see attachment.

Matthew,

Please look into this matter of duplicate letters from Congressman Sensenbrenner being assigned to both Region 5 (AL-18-000-4198) and OAR (AL-18-000-4425) for action. This email includes all parties from OAR and Region 5. Let us know which office should respond on behalf of the agency and OCIR should close one of the assignments as a duplicate once a decision has been made. Thanks

Sabrina

Subject: Sensenbrenner letter re: ozone designations

Hi Sabrina –

Attached is a Feb 7, 2018, letter from Congressman Sensenbrenner about the 2017 ozone NAAQS and nonattainment problems in Wisconsin counties. This letter appears to be entered into CMS twice

AL-18-000-4198 – Kathy Mims assigned to Region 5 for the RA signature on 2/7/18

AL-18-000-4425 – Sandy Eades assigned to OAR for the AA signature on 2/14/18

We request that 4198 be closed and OEX decide who should sign the 4425 response. Matthew Davis (OCIR) has put a draft response into the CMS bucket for 4425 and whomever is assigned to write the response will have the benefit of that foundational work.

Please let me and Lora know what is decided ☺

Have a great weekend.

Thanks,
Jenny
